Every person should read this carefully.

Dr Fenton, Cleveland, O. Dear Sir:—Five years ago, then in Brazil, South America, I there contracted a disease that nearly cost me my life. I was seven months in hospitals—Spanish Brazilian and Buenos Ayres—but to no purpose. I then went to Ctenfuegos, Cuba, and spent sixty-four days in the military hospital. The doctors told me if I had any friends I had better make my way to them. The American Consul sent me to New York. Last American Consul sent me to New York. Lass Spring it came on me again, rest in the night was out of the question. A friend in the St Charles Hotel here (Detroit) advised Fenton's Matchless Syrup; I sent for six bottles. I have only taken four and am perfectly well. I must say it surprised me, and all that knew the condition I was in for five years. I freely recommend Fenton's Matchless Syrup above any blood purfier in the catalogue of medicines. Yours respectfully, Detroit, Mich.
